

# APAC Excellence Scholarships - Guidelines

APAC supports its students to succeed. One way it does this is through the provision of Scholarships because APAC believes that providing financial support for student's educational endeavours will enable them to focus on their studies and lessen the burden of student loans. Moreover, a scholarship can increase student self-confidence and motivation, and enhance student's resumes.

APAC has two Scholarship categories available to Domestic applicants -

- The APAC Excellence Scholarship, which recognises excellence in creative practice and signals our intention to attract the best students to our courses. One scholarship per course will be awarded to the highest ranked applicant based on their audition application (portfolio, interview, or performance).
- In line with APAC's commitment to diversity, two APAC First Nations Excellence Scholarship per course will be awarded to the highest ranked Aboriginal or Torres Strait Islander applicant based on their audition application (portfolio, interview, or performance).
